SECRETARY

MEMORANDUM

To: All Recipients of the May 2005 Bridge Design Manual

From: Kevin T. Canning, Quality Engineer *KC*

Date: July 21, 2005

Subject: **2005 Bridge Design Manual**

Attached you will find the Delaware Department of Transportation's 2005 Bridge Design Manual which will become effective August 1, 2005. Any DelDOT contracts that are scheduled for advertisement after January 1, 2006 shall conform to this Manual. This edition is a revision of the 1996 Bridge Design Manual. This Manual incorporates a dual system of units, U.S. Customary and Metric. This Manual has been approved by FHWA for use on all interstate and National Highway System (NHS) projects in Delaware. This Manual is available on DelDOT's intranet and internet sites.

Chapters Ten, Eleven and Fourteen, of the Manual are reserved for future publication.

Any comments or questions regarding the 2005 Bridge Design Manual should be addressed to Linda M. Osiecki at (302) 760-2342.
